

Remote and Hybrid Work Policy

Document ID: POL-HR-003 | Version 1.4 | Effective from 1 October 2025 | Owner: Human Resources

1. Overview

Nimbus Works follows a hybrid model that combines time in the office with time working remotely. This policy describes who is eligible, how many days must be spent in the office, and which allowances apply.

2. Eligibility

Employees who have completed their 6-month probation period are eligible for hybrid work. Roles designated as onsite-only, such as laboratory, facilities and reception roles, are not eligible.

3. Office Attendance

3.1 In-Office Days

Hybrid employees must work from the office at least 3 days per week. Tuesday and Thursday are team anchor days on which every hybrid employee is expected to be in the office.

3.2 Core Hours

On remote days, employees must be available online between 11:00 and 16:00 IST. Outside these core hours, working times are flexible as agreed with the manager.

4. Equipment and Allowances

4.1 Home Office Stipend

Eligible employees receive a one-time home office stipend of INR 15,000 for a desk, chair, monitor or similar equipment. The stipend can be claimed once, within 12 months of becoming eligible, using Form EXP-17 with receipts attached.

4.2 Internet Allowance

A monthly internet allowance of INR 1,000 is paid with the salary to eligible hybrid employees. No receipts are required.

4.3 Company Laptop

A company laptop is provided to all hybrid employees and must be used for all work. The laptop must be configured and used according to the Information Security Policy (POL-IT-004).

5. Working from Another City

Employees may work remotely from a city other than their base location for up to 20 working days in a calendar year. Requests must be submitted on Form RW-02 at least 10 working days in advance and need manager approval. Working from another country is not permitted without written approval from both HR and Legal.

6. Changing Hybrid Arrangements

The company may change or withdraw hybrid arrangements with 30 days' notice if business needs or performance concerns require it.
